Vendelbo Wood Work

Danish  Installation

Din totalløsning inden for maritim aptering

Danish Ship Installation, oprindeligt grundlagt i 2003 under navnet Vendelbo Woodwork, har opbygget en solid erfaring og ekspertise inden for aptering og montering på en bred vifte af skibe. Vores rødder ligger i arbejdet med krydstogtskibe, hvor vi har leveret skræddersyede løsninger til nogle af verdens førende rederier. I dag har vi valgt at fokusere vores ekspertise på det danske og internationale marked, hvor vi tilbyder totalløsninger inden for aptering af fiskeskibe, offshore-skibe, passagerskibe samt nybyg og renoveringsprojekter.

Vores omfattende erfaring og dygtige team af håndværkere og teknikere sikrer, at vi kan håndtere alle aspekter af apteringsprocessen, fra indledende design og planlægning til præcis udførelse og installation. Vi er dedikerede til at levere løsninger af højeste kvalitet, der opfylder de strenge krav og standarder inden for den maritime industri. Uanset om det drejer sig om at skabe funktionelle og komfortable opholdsrum, installere avanceret teknisk udstyr eller sikre optimal brandsikring, er vi din pålidelige partner.

Vi er et hold på ca. 25 dedikerede håndværkere, montører og tekniske specialister, der er stolte af vores faglighed og evne til at løse komplekse opgaver.

Your total solution for maritime outfitting

Danish Ship Installation, originally founded in 2003 as Vendelbo Woodwork, has built up solid experience and expertise in outfitting and installation on a wide range of vessels. Our roots lie in working with cruise ships, where we have provided customized solutions for some of the world's leading shipping companies. Today, we have chosen to focus our expertise on the Danish and international market, where we offer total solutions for the outfitting of fishing vessels, offshore vessels, passengervessels as well as new construction and renovation projects.

Our extensive experience and skilled team of craftsmen and technicians ensure that we can handle all aspects of the outfitting process, from initial design and planning to precise execution and installation. We are dedicated to delivering the highest quality solutions that meet the stringent requirements and standards of the maritime industry. Whether it's creating functional and comfortable living spaces, installing advanced technical equipment, or ensuring optimal fire safety, we are your reliable partner.

We are a team of approx. 25 dedicated craftsmen, installers, and technical specialists who take pride in our professionalism and ability to solve complex tasks.

Vi isolerer, monterer og færdiggør – til tiden

Teknisk isolering

Vi har et erfarent team af isolatører, der er specialiseret i alle former for teknisk isolering, herunder brandisolering, lydisolering og termisk isolering. Vi sikrer, at dit skib overholder alle gældende krav og standarder, samtidig med at vi optimerer energieffektiviteten og komforten ombord.

Interiøraptering

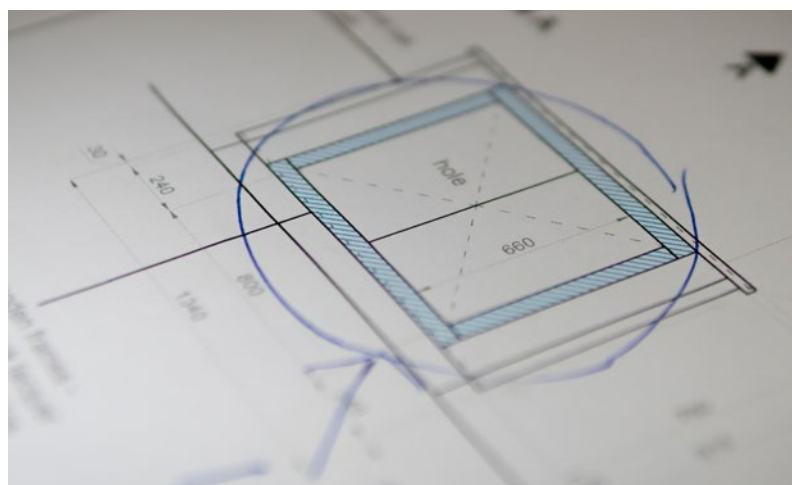

Vores dygtige håndværkere og montører har mange års erfaring med at skabe funktionelle og æstetisk tiltalende interiører på skibe. Vi arbejder tæt sammen med rederier og designere for at realisere deres visioner og skabe unikke løsninger, der passer perfekt til skibets formål og stil.

Projektledelse

Vi har en struktureret og effektiv tilgang til projektledelse, der sikrer, at dit projekt gennemføres til tiden, inden for budgettet og med den højeste kvalitet. Vi kommunikerer åbent og transparent gennem hele processen og sørger for, at du altid er opdateret på projektets status.

Kvalitetssikring

Vi har et stærkt fokus på kvalitetssikring og sørger for, at alle vores leverancer lever op til de højeste standarder. Vi udfører løbende kontrol og dokumentation for at sikre, at alle krav og specifikationer overholdes.

We insulate, install, and finish – on time

Technical insulation

We have an experienced team of insulators specializing in all forms of technical insulation, including fire insulation, sound insulation, and thermal insulation. We ensure your vessel complies with all applicable requirements and standards, while optimizing energy efficiency and comfort on board.

Interior outfitting

Our skilled craftsmen and installers have many years of experience creating functional and aesthetically pleasing interiors on ships. We work closely with shipping companies and designers to realize their visions and create unique solutions that perfectly match the ship's purpose and style.

Project management

We have a structured and efficient approach to project management, ensuring your project is completed on time, within budget, and to the highest quality. We communicate openly and transparently throughout the process and ensure you are always updated on the project's status.

Quality assurance

We have a strong focus on quality assurance and ensure that all our deliveries meet the highest standards. We carry out continuous checks and documentation to ensure that all requirements and specifications are met.

Interview with Indrek Nõulik
Project Manager

Historien, kort fortalt

Danish Ship Installations rødder strækker sig tilbage til 2003, hvor virksomheden blev grundlagt under navnet Vendelbo Woodwork i Hirtshals. I de tidlige år etablerede virksomheden sig som en pålidelig leverandør af interiørløsninger til krydstogtskibe, hvor vores håndværksmæssige kunnen og sans for detaljen hurtigt blev anerkendt.

I takt med at virksomheden voksede og udviklede sig, blev der investeret i nye kompetencer og teknologier, hvilket udvidede vores serviceudbud betydeligt. I 2020 markerede navneskiftet til Danish Ship Installation en strategisk beslutning om at fokusere på det danske marked og tilbyde totalløsninger inden for maritim aptering.

I dag er Danish Ship Installation en veletableret aktør inden for branchen, der servicerer en bred vifte af maritime kunder, lige fra fiskeri- og offshore-industrien til rederier og værfter. Virksomhedens ekspertise spænder over en række discipliner, herunder teknisk isolering, interiøraptering og projektledelse.

The story, in a nutshell

Danish Ship Installation's roots stretch back to 2003, when the company was founded under the name Vendelbo Woodwork in Hirtshals. In the early years, the company established itself as a reliable supplier of interior solutions for cruise ships, where their craftsmanship and attention to detail quickly gained recognition.

As the company grew and evolved, investments were made in new skills and technologies, significantly expanding our service offerings. In 2020, the name change to Danish Ship Installation marked a strategic decision to focus on the Danish market and offer total solutions within maritime outfitting.

Today, Danish Ship Installation is a well-established player in the industry, serving a wide range of maritime clients, from the fishing and offshore industries to shipping companies and shipyards. The company's expertise spans a number of disciplines, including technical insulation, interior outfitting, and project management.
